## What are Eucharistic Miracles?

Throughout the history of the Catholic Church, Jesus has proven beyond any doubt that He is truly present in the Holy Eucharist. Why did He have to prove this to us? It is because at certain times

in history, there were heresies that denied the Real Presence in the Sacrament of the Holy Eucharist.

On other occasions, some priests doubted the Real Presence of Jesus in the Holy Eucharist. And yet, on other occasions, the Holy Eucharist was abused by believers and non-believers alike.

What follows are some of the Eucharistic Miracles that took place throughout the history of the Catholic Church. All of these have received the full approval of the Catholic Church. Please click on the links to obtain details about each Eucharistic Miracle
